

Dawn Patrol Draws 1,000 Sunday

(Adams Photography)

The 9th annual Kirtland Community College Dawn Patrol held at the Grayling Airport Sunday drew more than 1,000 persons and 130 airplanes.

Winning the popular airplane trophy was a 1946 Luscombe owned by Randy Patterson, of Higgins Lake. The oldest aircraft trophy went to a 1942 Steerman owned by David Cor-saut, of Acme. Carl Arkelian, from Grosse Isle, won the trophy for farthest distance flown and Allen Hoffman, 81, and Troy Hoffman, 16, from Saginaw and Bay City, won the oldest and youngest pilot trophies.

The home-built plane shown above was one of several planes on display for the show. The Kirtland Aviation department helped serve more than 500 pancake breakfasts.

It's News Here!

Explosion Alerts Neighbor To Fire

An explosion from a fuel oil tank at the Clifford Bellmore residence along Manistee River Road alerted a neighbor who called the sheriff department. Sheriff deputies found a brush fire and the rear of a garage on fire when they arrived. The Frederic Fire Dept. and the DNR fire units helped put out the blaze with only minor damage to the garage. The fire appeared to have started from an earlier camp fire that was kindled by high winds. The fire was reported at 3:15 p.m. April 28. No one was home at the Bellmore residence at the time of the blaze.

Sheriff Dept. Receives \$20,000 Federal Highway Safety Grant

The Crawford County Sheriff's Department has been awarded a federal highway safety grant through the Michigan Office of Highway Safety (OHSP) to help enforce the state's 55 MPH speed law.

The grant amounts to \$20,000 which is funded entirely with federal monies from the U.S. Department of Transportation.

The goals of this project are to maintain Michigan's compliance with the national 55 MPH speed requirements. This will be accomplished through increased speed enforcement activities.

Sheriff Harold Hatfield is the project director.

Chamber Offers \$3000 Grand Prize in May 20th Drawing

The Grayling Regional Chamber of Commerce is offering a \$3,000 grand prize for their GRAND EVENT held Tuesday, May 20. Tickets for the big event are \$10 each and only 1,000 are being sold. The \$3,000 grand prize will be awarded to the person holding a Grand Event ticket with that day's Michigan Daily Lottery number (straight). In addition, ten \$100 prizes will be drawn using numbers from ticket stubs.

The winner of the grand prize need not be present to win, but a Grand Event Party is being held at the Grayling Red Barn from 6:30 to 8:30 p.m. There will be a \$4 cover charge for the Grand Event Party to pay for hors d'oeuvres.

Tickets are available from Mac's Drugs, the Cornell building, and the Chamber of Commerce building.

Mercy Hospital Celebrates Nurse's Week May 4 - 10

Mercy Hospital, Grayling will be celebrating Nurse's Week May 4 - 10th.

The theme this year is "Different Paths — Same Goals", so pause this week to think about the ways different nurses have touched your lives. Nurses promote health in many new and exciting ways in these days of a changing health care environment, so just take a look around and see.

Two special days this week are May 7 as LPN Day, and May 6 as National Nurses Day. Don't forget to let your nurses know how much you appreciate them this week.

Work Begins at \$6.5 Million M.A.T.E.S. Site

Ground-breaking ceremonies for the new \$6.5 million Camp Grayling Mobilization and Training Equipment Site (M.A.T.E.S.) were held at 1 p.m. Saturday at the site off North Down River Road.

State Adjutant General Vernon Andrews, said the new Grayling M.A.T.E.S. will be one of only nine National Guard mobilization sites owned by the National Guard in the country.

Andrews said the mobilization sites are important to the defense

of the country because National Guards account for more than 53 percent of the total troop strength of the nation.

Colonel David Hanson, State Maintenance Officer, said the new M.A.T.E.S. complex was a dream come through. Hanson started plans for the new M.A.T.E.S. when he was the officer in charge of the current M.A.T.E.S. located next to the Grayling Airport.

Colonel Michael McNamara, who also helped plan the new

M.A.T.E.S. and is the officer in charge of the current complex, said the new facility increases the number of bays for working on vehicles from 8 to 32. McNamara said the current M.A.T.E.S. is overcrowded.

In addition to the extra room, Andrews said the new site will cut down on the number of tracked vehicles crossing public roads. Two places where the number of tracked vehicles crossing roads will be reduced will be Old 27 North at Lewiston Grade by Timberly Village and M-72 West past Lake Margrethe.

Colonel Richard Schmidt, Camp Grayling Commander, said the

new M.A.T.E.S. will have more than 130,000 square feet of maintenance and storage areas. He said the new facility will speed the issuing and turning in of equipment. The more efficient operation will permit more time for troops to train.

McNamara said the current M.A.T.E.S. employs 78 persons and they would like to increase that number to 110 at the new facility.

Ground clearing has started by the contractor Forrester Construction. The architect firm for the project is Ellis, Naeyaert, Genheimer Associates. Schmidt said the estimated completion date is July, 1987.

M.A.T.E.S. GROUNDBREAKING — Ceremonial groundbreaking for the new M.A.T.E.S. complex off North Down River Road was performed by (from right) Colonel David Hanson, State Maintenance Officer, Brigadier General Jerome J. Mathieu, Jr., Adjutant General Vernon J. Andrews, Jack Alef, Grayling State Bank President, and retired Colonel Ivan Gwilt, former Camp Grayling Commander.

Boost In "Swamp Tax" Could Mean \$150,000 Extra a Year for County

The Michigan Senate, on April 23, unanimously passed Senate Bill 316 which will increase the amounts of taxes paid to local units of government by the state on tax-reverted lands from \$1.50 to \$2.50 per acre. Senator Connie Binsfeld, (R-Maple City) co-sponsor of the bill said Crawford County, with 157,000 acres of tax-reverted state lands, would receive an additional \$157,000 a year.

The extra tax dollars will continue to be split three ways: 40 percent to the county; 40 percent to the townships; and 20 percent to the school districts.

Senator Binsfeld said the bill must now move to the House for passage. Given the support for the bill in the Senate, "I feel very strongly we can get this bill through the House," she concluded.

"Every county in my district has tax-reverted land. Roscommon County has the most with over 173,333 acres," said the Sen-

ator. Other counties with large portions of tax-reverted land in the 36th District are: Kalkaska - 129,000; Montmorency - 109,000; and Presque Isle with 80,000 acres. The county with the least tax-reverted land in Binsfeld's district is Alcona with 7,000 acres.

"This legislation represents substantial increases in revenue for all my counties, and given the difficult economic times we are experiencing in Northern Michigan, the extra revenue will be very helpful," said Binsfeld.

The acreage in the remaining counties of the 36th District are: Alpena - 38,000; Benzie - 57,000; Iosco - 23,000; Lake - 54,000; Missaukee - 68,000; Ogemaw - 68,000; Oscoda - 54,000 and Wexford with 38,000 acres. The extra dollar an acre would mean an additional revenue of more than \$1 million for the 14 counties in the 36th District.

Eighty one of the 83 counties in Michigan have tax-reverted state land.

No court date for a hearing on the AuSable mainstream catch-and-release rule has been set yet.

Judge Alton Davis, of the 46th Circuit Court, said he is giving attorneys involved with the case time to decide how they want to proceed. Normally, 46th Circuit Court schedules a hearing six months after the case is at issue. For the no-kill case however, Davis said an earlier date could be set if both parties want this.

On April 23, Davis heard a request from mandatory catch-and-release foes asking for a temporary restraining order on the new rule.

On April 24, Davis issued a restraining order preventing a new catch-and-release rule from starting on the mainstream AuSable from Burton's Landing to Wakeley Bridge.

The state Attorney General's office, defending the DNR, Natural Resources Commission, Ronald Skoog, and John Scott, can

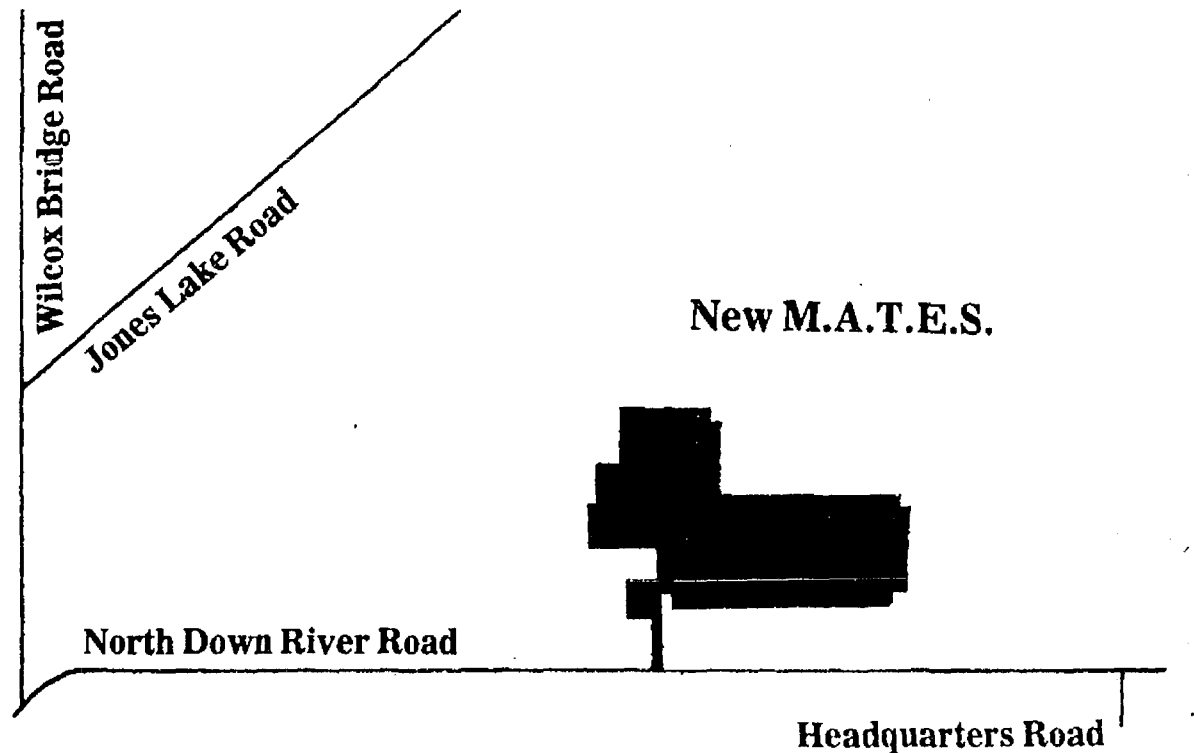

appeal the restraining order or go ahead to a hearing.

The foes against the catch-and-release rule are mounting a letter-writing campaign to Natural Resources Commissioners members asking them to rescind the AuSable mainstream no-kill rule.

In issuing the restraining order, Davis said the no-kill foes demonstrated the existence of a real and substantial question whether or not the Natural Resources Commission acted arbitrarily and capriciously in approving the new rule. This question becomes the ultimate question to be resolved at trial, Davis said.

The new catch-and-release rule was scheduled to start April 26 on the AuSable — the Opening Day of trout season.

Davis ruled the 1985 slot size limits will remain in effect on the river until the court litigation is settled or further order of the court.

It's A Long, Lengthy, Elongated Limousine

By Jon Thompson

How long is Roger Canzano's limousine?

Remember the Chinese Fire Drill where silly high school kids would jump out of a car and run around it several times while waiting for the traffic light to change from red to green?

With this 37-foot-long limousine, a Chinese Fire Drill would turn into a long-

distance track meet. Three trips around it would be about equal to running the length of a football field.

Believe it or not, the length of the limousine isn't the most impressive part of the vehicle owned by the Rochester attorney. The inside impresses even more.

In the main cabin, which can seat 14 persons, there are two color televisions, two

stereos, four bars, two ice chests, one radio, two moon roofs, and three intercom phones.

If the elongated limousine doesn't catch your eye with these features, there is a two-person jacuzzi in the back.

The long limousine is valued at about \$150,000 and Canzano rents it out through his family-owned business, Ultra Limousine Service of

Michigan, for about \$100 an hour.

Canzano's limousine created a lot of attention last week when he parked it in the Crawford County Courthouse parking lot while on business in the courthouse.

If you missed it in the courthouse parking lot, watch for it on television. It's possible the hot NBC show Miami Vice is going to use it

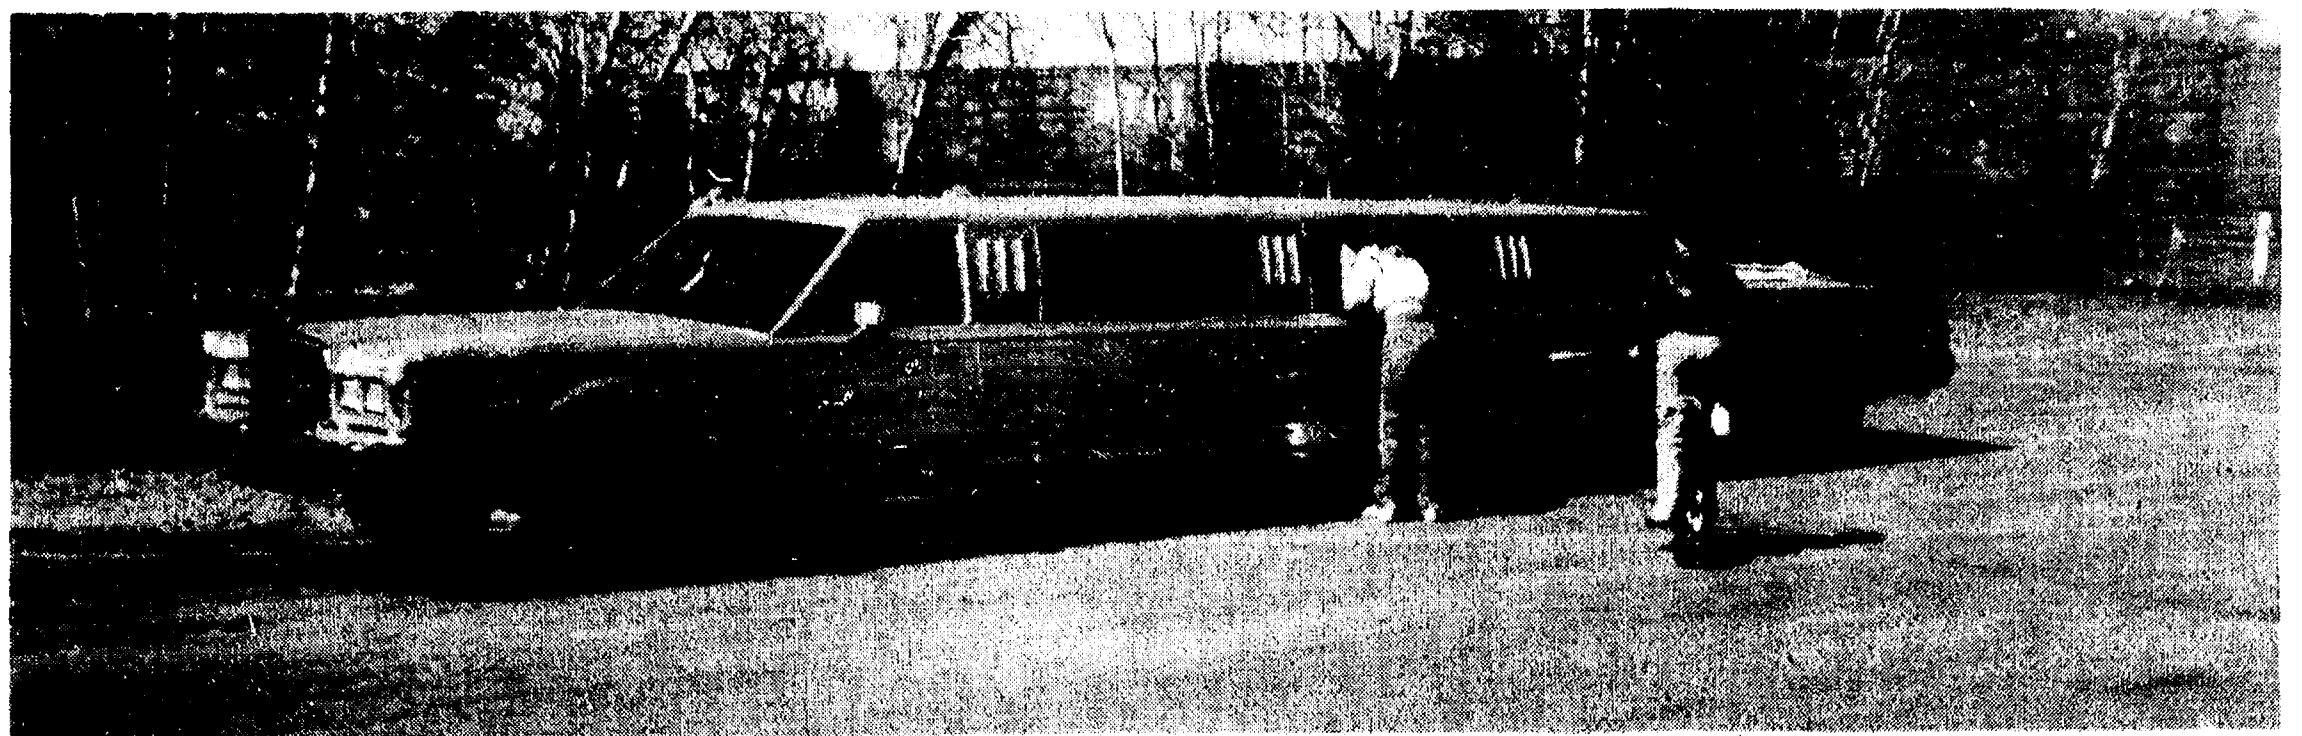

for one of their episodes.

The Detroit Free Press recently featured Canzano's limousine in two articles about long limousines and limousine rentals.

For sports fans, the limousine's biggest claim to fame is when it was used by Kirt Gibson and Dave Rozema the night of their double wedding last December.

The rear-wheel drive limousine weighs about 7500 pounds and has a top speed of 90 miles an hour. It can reach 60 miles an hour in 19.4 seconds and braking takes even longer with the lengthy machine.

Usually though, braking isn't a problem for the long limo. When it takes to the road, it's most of the other cars that do the braking as they stop to stare.

LENGTHY LIMOUSINE — How long is it? It's 37 feet long — give or take a few inches. This stretched-out limousine was parked in the Crawford

County Courthouse parking lot last week while its owner, attorney Roger Canzano, conducted business.

From Our Corner...

Just in case you are interested...

We have arrived back in the Buckeye state from the city that never sleeps, and at the present, Friday afternoon we will put this week's efforts together in Amherst so we won't face the task Sunday evening when we arrive home...

Our apprehension on our sky trip to Nevada proved false...security at Cleveland and Las Vegas were the same as last year...at Cleveland we again had to open our carry on bag to assure the security guard that the bottle in it was only our bride's homemade dandelion wine, and not a Molotov cocktail...going through Chicago was simple, we stayed in the same American Airlines con course so didn't have to go through security again...

On our return, from Las Vegas our plane was an hour late coming from Los Angeles but, at the ticket counter the man told me we could board a plane right then and fly through Dallas, instead of Chicago...I asked Thelma what she wanted to do, (a foolish question) she said, we'll wait...that gave her one more hour before she had to give up her second sport with the one arm bandit...she is now thinking about her first favorite, golf...

When you read this, we'll be back in our favorite surroundings and be refreshed for the love letters from our readers...

The Avalanche arrived at Toni's today, we have it in front of us...

We were happy to read the lead story where Circuit Judge Alton Davis put a restraining order on the Natural Resources Commission's rule for catch-and-release on the mainstream of the AuSable...

Now, let's see how effective our courts are against the bureaucratic system of our state...can, five, six, eight individuals set back and listen to a few and place a rule against hundreds of fishermen?...

It will be interesting...

No, our bride didn't win enough so that we could retire in the land of make believe...

Wish I had said it...instead of Sidney Harris...

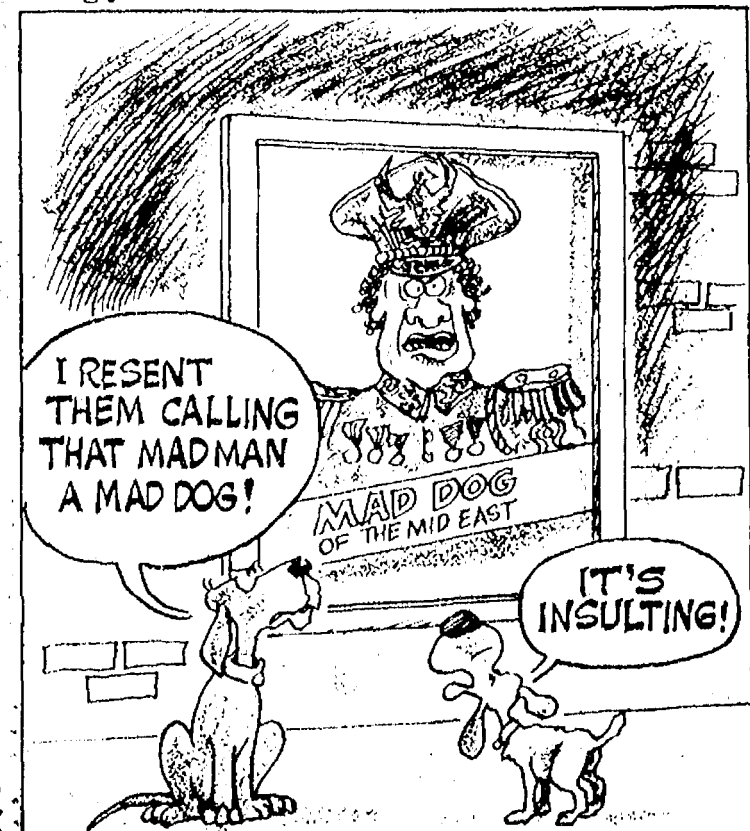

Many people who think they are religious are merely animists — like the little boy trying to launch his kite when the wind suddenly died down, who cried out, "Please, dear God, no matter what you do — don't stop breathing now!"

The most amusing and humbling fact about man is that he can have an encyclopedic grasp of any subject he tackles, and still possess little knowledge of himself.

One thing is certain about the aging process: If you don't get wiser as you get older, you get dumber.

"The British consider it odd that Americans keep their bars closed on election day, while theirs are kept open...possibly on the presumption that nobody would vote for those candidates when he's sober..."

With that we bid T.J., Stefany and Amber goodnight, and to all have a nice weekend...it's nice to be among you...

A tract of state land comprised of 25.56 acres, more or less, which lies south of Portage Creek and along the south shore of the West Bay of Lake Margrethe, has been set aside for a public camp ground. This land, which is a part of the Military Reservation, is a joint project of the Military and Conservation Dept. The campsite, which features about a half-mile of sandy beachfront, will have tables, stoves, a well and pit toilets, and will be for all types of camping for a period not to exceed 20 days. It will be maintained by the Forestry Division of the Conservation Department. The project will be completed for the summer of 1964 as far as is presently known.

The Bible Speaks

From Calvary Baptist Church

THE LORD'S SUPPER

Many questions arise concerning the Lord's Supper, communion, the Eucharist, or the Mass. It is easy to avoid controversy concerning the selection of the elements to be used. We can safely say that unleavened bread and the fruit of the vine are the Biblical elements. The major questions arise when we consider what these elements become, and what they do when used in religious worship.

To some, these elements when blessed contain the body of Christ along with the normal bread and wine. This is called consubstantiation. To others, these elements when blessed become the literal body and blood of Jesus Christ. This is called transubstantiation. Finally, there are those who believe these basic elements remain unchanged, and are merely a symbol in memorial to the literal body and blood of Jesus Christ shed on the cross of Calvary nearly 2,000 years ago. What these elements are considered to become during a formal religious rite, is in proportion to the benefits the worshipper claims to receive.

St. Peter's Catechism, No. 530, says "The Mass is a real sacrifice because in it a Victim is offered by a priest for the purpose of reconciling man with God." A Vatican II document states "For it is the liturgy through which, especially in the divine sacrifice of the Eucharist, the work of our redemption is accomplished." To some people then, the Lord's Sup-

per is a sacrament through which Jesus Christ is sacrificed again to save the individual from sins. It is believed that the Mass communicates saving grace toward salvation.

When Jesus Christ spoke of eating His flesh and drinking His blood in John 6, many of the disciples were offended and left Jesus. (John 6:60,66). They did not understand His teaching, "It is the spirit that quickeneth; the flesh profiteth nothing: the words that I speak unto you, they are spirit, and they are life." (John 6:63). Jesus told them it was symbolic. To eat His flesh would profit them nothing, but to receive His words would bring spirit and life. When Jesus turned to the twelve and said, "Will ye also go away?", Peter gave the proper view of the Lord's Supper, "The Simon Peter answered him, Lord, to whom shall we go? thou hast the words of eternal life." (John 6:68).

The Bible says Jesus Christ offered one sacrifice for sins for all eternity. "By the which will we are sanctified through the offering of the body of Jesus Christ once for all...For by one offering he hath perfected for ever them that are sanctified." (Heb. 10:10,14). "Now where remission of these is, there is no more offering for sin." (Heb. 10:18).

Frederic News

by Eva Hulbert

Satellite dinner for Frederic and Maple Forest, held Friday at the Hobby Club with thirty two for dinner. Prayer with Pastor Taylor, Betty Price was introduced. Irene Friebe 50-50 winner. Then Jan had a poem with adding and subtraction numbers. And the folks also enjoyed the "Old Time" Trivia game. Ed Dailey was the winner for the Poem and first in the Trivia game with Timbervue second. Good to see many out, see you next month. Appreciate the use of the club.

Please remember to pick up your bulletin, lots of good information on it.

Wed., May 7th Game Night (Cards) 5:30, dinner at 5:00 with Pancakes and sausage, apple sauce, melon balls, jello/fruit and juice.

New program starting on Monday at 5:30 Widow Support, COA.

Wed., May 14 at 4:30 Bldg. Committee meeting, 5:30 COA meeting, dinner at 5:00 with Baked Chicken, mashed potatoes, spinach, fruit cocktail, melon and juice.

Congratulations to Dohn and Esther Weaver on their 50th Anniversary. An open house will be held at the Maple Forest Township Hall Saturday, May 10, 2 p.m. Everyone welcome.

Birthday party held on April 26th for Kristy Hulbert, 3rd. The children played goose, pin the nose on the clown, ball toss and had a good time just playing around, swinging, sand box. Kristy's mother made her a Raggedy Ann cake. Kristy appreciates all the lovely gifts she received. Her guests were Brad Hebel, Ty Alma, Paul & Jennifer Alma, Karen Ferguson, Kelly, Jason and Jim Wilson, Jennifer and Heidi Wallace, Ryan Denno, Nathan Sloan, Bret, Bethanie and Bridget Black, Carmen, Eric and Travis Hulbert. And daddy was there to help mama.

Nice turn out for the Spring Hat Contest and Treasure Hunt in Grayling, for the boys and girls. All varieties of hats, quite a job for the judges. The boys and girls also enjoyed the McDonald character and the Bunny Rabbit. 1 for one appreciate the time and work that was put into this, and everyone who was involved in arranging this event for the children and know they are also.

Now that the weather is getting somewhat warmer, any of you senior citizens 60 and over at loose ends, just kidding, for you people are more busy doing things and volunteering and such. But maybe some of you are new here and would be interested in visiting shut-ins or calling someone, making things, oh so many things we can find for you or maybe you have some ideas. If you're in town why don't you drop in at the RSVP office in Grayling, across from the COA. Aleta, Jann or Eva are there, if nothing else we'll have a good laugh or two. Hope to see you out.

Coming up date May 17 - Fish Hatchery and the Museum in Grayling.

Bridal Shower

Toni Trudgeon was feted at a miscellaneous bridal shower on Saturday evening, May 3, by her sisters, Leesa Hodge, Janice Clark, and Carrie Trudgeon. It was held at the Lake Margrethe home of Norma Naour.

The home was decorated with pink bridal bells and a light lunch and punch was served to about twenty-five guests. The cake was baked and decorated by Toni's mother, Mrs. Aggie Trudgeon.

Guests brought their favorite recipes for a recipe box and Toni received many beautiful gifts. Out-of-town guests were her aunts, Mrs. Loretta Owens of Midland and Mrs. Estelle McKay and her daughters Kim and Shelley of Warren, and Toni's grandmother, Mrs. Betty Trudgeon of Sault Ste. Marie.

Are State Workers Missed?

by Richard Millman

I SEE BY the papers that Michigan is planning a gala sesquicentennial birthday party. For non-Latin students, that means the state will be 150 years old in 1987.

And, of course, for the birthday party there has to be a state organization to head the observance...and a state appropriation.

The legislature has authorized \$150,000 in taxpayers' money; contributions are expected from private sources, too.

Back in 1937, when Michigan was 100 years old, the centennial received a modest \$16,000 in state funds to celebrate. Considering that was in the midst of the Great Depression, today's contribution of \$150,000 is probably not too bad.

IT'S INTERESTING the way the sesquicentennial organization will be staffed. Nineteen state employees will be loaned for two years from other state departments to form the core of the state Office of the Sesquicentennial.

For two years, these state employees will receive their present state pay from the old departments while they're working for the sesquicentennial office; at the end of two years, they will have the option of returning to their old jobs.

Pay levels of these 19 state employees run from \$20,000 to \$50,000 a year.

Merri Jo Bales, identified as sesquicentennial executive director in the news clipping from which this information is taken, said using state employees saves money.

"We aren't plugging in new tax dollars," Ms. Bales said.

Well, I suppose not. But \$50,000 in annual pay in old tax dollars is just as meaningful to those taxpayers who pay them.

THE QUESTION that comes immediately to mind is who is doing the old jobs while these 19 state employees are off running the sesquicentennial celebration? Are they being replaced by new workers? And if they're not, are the jobs they left really that important if they can take off two years without a hitch in the even flow of daily government operation?

If you can summarize take 19 employees away from their jobs which pay from \$20,000 to \$50,000 a year and not suffer some problems, then government probably is overstaffed.

No wonder it's hard to sell the ordinary taxpayer on the need for more taxes for more government. Somehow is just doesn't add up.

MORE SANDINISTA TRICKS — I see by the papers the ruling Sandinista regime in Nicaragua is up to some of its old tricks.

A news report indicates Nicaraguan government officials confiscated a church printing press and seized church documents citing human rights abuses allegedly committed by the ruling Sandinistas.

Catholic church officials said the reports of human rights abuses have been collected over three or four months; how they were to be used was not discussed.

As for the printing press, the Sandinista Justice Ministry claimed the press was illegal; besides, the newsletter which came off the church press criticized the compulsory military draft, and had not been submitted to government censors as required by Nicaraguan law.

And so goes life under the Sandinistas in downtown Managua — not out in the provinces where the Contras are fighting, but right downtown. So much for an emerging system of rights and freedom and justice under the Sandinistas.

CONTRASTS ARE STARK — Not to belabor the Sandinista question, but I also see by the paper that a delegation of Nicaraguan legal minds was received with a formal resolution by the Detroit City Council upon its visit there.

The three visitors included a member of the Nicaraguan Supreme Court, a legal counsel to the Nicaraguan national assembly and a legal editorial counsel. Their visit ostensibly was to gather ideas for a new Nicaraguan Constitution.

However, they also took the occasion to hold press conferences and make speeches, generally condemning everything American in Central America and praising everything on the Sandinista side of the question.

Meanwhile, back in Nicaragua, three Nicaraguans were found guilty of treason and face up to 30 years in jail. They were charged with passing on military secrets to America through the CIA.

Quite a difference: In Nicaragua, three people face 30 years in jail for telling America what's going on, while in America — specifically, in Detroit — three Nicaraguan officials are welcomed with open arms and provided platforms to condemn us.

Truly, it could happen only in America.

OPERATION BENTLEY — For the seventh straight year, Grayling High School will be represented in this year's governmental simulation held at Albion College. Of the 400 statewide applicants, Colette Petrosky (right) was awarded a full scholarship from the Bentley foundation and Kim McDonough was selected as one of 20 alternates. Participants can earn one college credit in political science in this program to be held May 16-24. G.H.S. government instructor, Howard Lehti was pleased two students were selected to this elite group.

District Court

The following persons appeared in 83rd District Court before Judge Francis L. Walsh:

Aaron Fenton, 24, of Grayling, plead guilty to a charge of disorderly person — creating a public disturbance. He was fined \$65 or 7 days. He was cited April 13 by city police.

Keith Allen, Jr., 31, of Mt. Morris, was fined \$45 or 5 days for driving without a license due to an unpaid ticket. He was cited March 30 by city police.

Keith McGregor, 23, of Troy, plead guilty to a charge of impaired driving and was fined \$305 or 30 days plus his license is restricted for 90 days. He was cited May 25 by city police.

Carl Partello, 27, of Fredric, demanded preliminary examination to charge of resisting and obstructing a police officer. A \$2,000 personal bond was set.

Gary Shepherd, 33, of Grayling, demanded preliminary examination to charge of resisting and obstructing an officer. A \$1,000 personal bond was set.

Ronald Denno, 19, of Grayling, plead guilty to a charge of larceny less than \$100 and was fined \$105 or 10 days. He was cited March 7 after a citizen complaint.

Leo Guy, 59, of Kalkaska, plead no contest to a charge of O.U.I.L. and was fined \$405 or 30 days plus his license is restricted for six months. He was cited Sept. 29, 1984, by state police.

Ervin Watson, 21, of Grayling, plead guilty to a charge of impaired driving and was fined \$305 or 30 days plus his license is restricted for 90 days. He was cited Nov. 25 by city police.

Ervin Watson, 21, of Grayling, plead guilty to a charge of malicious destruction of property less than \$100 and was fined \$105 or 10 days plus one year probation. Restitution of \$30 was paid. He was cited Aug. 4 after a citizen complaint.

Phillip Marzion, 37, of Grayling, demanded preliminary examination to a charge of felonious assault. A \$20,000 cash or surety bond was set.

Floyd Goddard, Jr., 22, of Roscommon, demanded preliminary examination to a charge of receiving and concealing stolen property. A \$5,000 personal bond was set.

Corporations and Securities Bureau officials said they have no way of knowing how many of the incorporations involved existing businesses deciding to incorporate, or if the number of those kinds of transactions has been rising.

Commerce Director Doug Ross said Michigan's business failure rates, compiled by federal officials, "were proportionately among the lowest in the nation. It left us with a net situation which is very strong."

Deputy Commerce Director Lou Glazer said failures from January through September last year were about 3,000.

Holiday Inn Promotion

Anthony (Tony) Henning, a recent graduate of Holiday Inn University in Memphis, Tenn. was promoted to Food and Beverage Manager for the Grayling Holiday Inn in March 1986. Tony is a native of West Bend, Wisconsin and did some work at the University of Wisconsin, located at Oshkosh. He later spent time in Los Angeles, toured Europe during his high school days and finally settled in Grayling.

Tony has been with the Grayling Holiday Inn for a little over four years. He began as Lounge Manager and has now been promoted to the Food and Beverage Department. In his capacity of these departments, Tony will be responsible for all Lounge, Dining Room and Kitchen operations with occasional promotions and employee responsibility. Tony and his wife Tammy with son Jason reside in the Grayling area.

Road Builders Urge Use of Private Contractors For Maintenance

Warren M. Hoyt, Exec. Dir., MPA

The Michigan Road Builders Association recently urged the Legislature and the Department of Transportation to introduce competitive bidding into maintenance projects to reduce those costs.

In releasing a report comparing private versus public employees on maintenance projects, the group suggested that the expansion of government use of private contractors from construction projects to include maintenance projects would improve efficiency and lower costs.

Lawrence Martin, executive director of the Road Builders Association, said the thrust of the study was to determine the feasibility of striking a better balance between the use of public employees and contracted private employees in performing maintenance responsibilities.

He said the concept of construction by contract, or private delivery, rests on the basis of competition and the free enterprise economy.

Although specific cost savings figures were unavailable, the Michigan Road Builders Association is urging a Department of Transportation pilot plan to let contracts on maintenance projects to allow for a comparison of the cost of delivering the services by the public and private sectors.

Some maintenance projects which could be contracted include winter ice and snow removal, guard rail repair, pavement patching, sealing and joint repair, shoulder grading and replacement, roadside mowing, drainage and culvert maintenance, roadside rest area maintenance, signing and pavement marking.

Cheryl Ronk, director of Communications and Education for the road builder group and author of the report entitled "A Look at Using Contractors and Government Employees on Public Works Projects," said contracting out maintenance projects would also provide additional tax

dollars paid by contractors hired to do the maintenance work.

The report said taxes return between 7.5 and 19 percent of the contract cost to the governments.

Ronk said that while small businesses comprise more than 95 percent of the enterprises in the country, they secured only one-fifth of the federal government's procurement dollars in 1980.

Business, in general, is estimated to receive only one-third of the possible \$30 billion market annually, she said.

STATE REPORTS 22 PERCENT RISE IN NEW INCORPORATIONS

Business incorporations in the first quarter of 1986 were 22 percent higher than in the comparable period of 1985, when the number of incorporations set a record at 23,500, state officials said Tuesday.

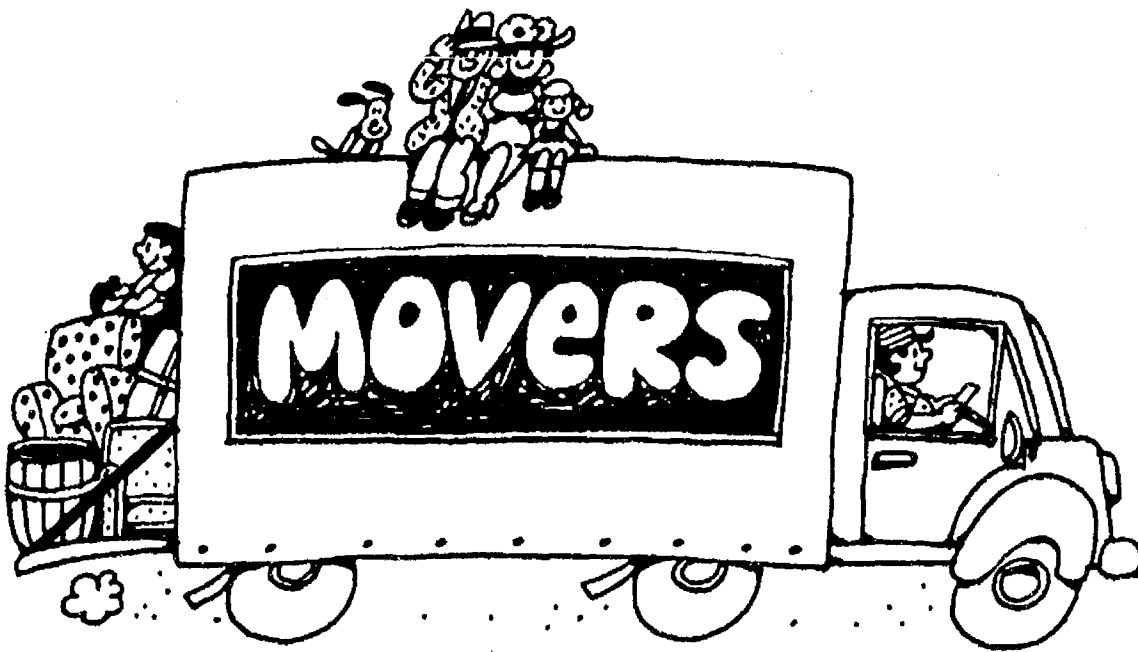

"We have made enormous strides in identifying and easing many problems when we have restrained small business over the years," Governor James J. Blanchard said in announcing the figures to the Small Business Day 86 conference.

"Our goal is to make Michigan the best state in the world for small business and entrepreneurs," the governor said, noting he still has 11 items of a 40-item small business agenda yet to be implemented.

Corporations and Securities Bureau officials said they have no way of knowing how many of the incorporations involved existing businesses deciding to incorporate, or if the number of those kinds of transactions has been rising.

Commerce Director Doug Ross said Michigan's business failure rates, compiled by federal officials, "were proportionately among the lowest in the nation. It left us with a net situation which is very strong."

Deputy Commerce Director Lou Glazer said failures from January through September last year were about 3,000.

A Tribute to all Mothers

I REMEMBER

I remember when I could read an entire chapter, some days even an entire book at one sitting without interruptions

I remember when I could work for hours at a time in my study, the hours were dependent on me not on nap

I remember when I knew no one with children and had no idea what 2T meant

And I remember when no one called me Mommy and when no little arms wrapped themselves around my neck, and no little kisses or hugs were mine

And I prefer today..

46th Circuit Court

The following appeared before the Honorable William A. Porter on Monday, April 8, 1986:

Patrick Gary Bosnak, of Grayling, was sentenced on a charge of 1st Degree Criminal Sexual Conduct. He received 7 to 20 years in prison.

Bosnak was arrested in May 1985 on several counts of 1st Degree Criminal Sexual Conduct following an investigation by the Crawford County Sheriff Dept.

John Anthony Buford, formerly of Frederic, was sentenced on a charge of Defrauding by False Pretenses Over \$100.00. He received 3 to 10 years in prison with credit given for 15 days served.

Buford was arrested in 1979 following an investigation by the Crawford County Sheriff Dept. The charges filed at that time were Forgery or Alteration of a Public Record, Defrauding by False Pretenses over \$100.00, Perjury and Receiving & Concealing Stolen Property under \$100.00. He failed to appear for arraignment in Circuit Court in August 1979 and was arrested on a Bench Warrant in November 1985.

Volunteers On The Go!

Ingeborg Leslie

One of the oldest and longest active members of the Retired Volunteers among the seniors is Grayling's Ingeborg Leslie. Ingeborg Leslie was one of the early signees when the program was instituted in Crawford County 13 years ago.

Though Ingeborg is in her late 80s, you will still find her serving the community by visiting people in the hospital bringing cheer to the sick and shut-in. While her husband Ted of 59 years was

alive, he was involved with Ingeborg working the station at Hartwick Pines. Other services she rendered were taking people to the eye doctor and working in the Blood Pressure program.

Her soft-spoken words and easy smile are one of her trademarks, putting others at ease. Her 5-foot 3 presence gives her a charm which motivates people to welcome her.

Ever able to serve at a moment's notice, Ingeborg never offers an excuse and fills in whenever called upon to serve.

Ingeborg Leslie was born in Nykobing, Denmark, in 1898. She attended school in her native country and still can read and write the language. She came to America in 1906 to settle in Grayling, then a bustling mill town. She can tell many interesting tales of those times.

Ingeborg, in addition to the service she renders to Graylingites, is a homemaker, enjoying knitting and sewing. For recreation she likes to walk, go fishing, and plays a variety of card games for relaxation.

She attends St. John Lutheran church, appreciating the fellowship of the parishioners.

Ingeborg appreciates the freedoms of her adopted country. This is her way of showing her gratitude, to God and her country.

Farm Drop

In the last 50 years, the farm population has dropped from 25 percent of the total population to just 3 percent.

Resource Review

By Bruce Patrick
 Conservation Officer

Starting April 1, the DNR began issuing "fuelwood" permits which allow the permittee to cut dead wood on state land for personal use. This has become a very popular program with thousands of such permits issued each year.

Unfortunately, a major problem has developed through this program. A large number of unscrupulous permit holders take advantage of their privilege and sell the wood. This may not seem to be serious to you, at first glance. However, if you stop to consider some of the ramifications you may change your mind.

First of all, these thieves are stealing from the honest permit holders and the people of the state.

Secondly, many of these persons are on some sort of assistance program, which means your tax dollars subsidize their illegal activities. Speaking of taxes brings us to the third point, which is the sales tax they don't pay on their business. Next, consider the honest wood dealer who must try and compete with the wood thief. He has to pay normal business expenses that the thief doesn't have.

These are a few of the problems caused by the wood poacher. Just like a fish or game poacher, these folks steal from everyone in the state, and laugh as they count their money.

Various methods to rectify this problem have been discussed. Included are licensing wood sellers statewide and abolishment of the firewood permit program altogether.

A better way would be for the wood buyer to verify he is dealing with an honest operator. Those folks who are trying to make an honest living in the wood business are well-known in their community. Just as well-known are the thieves. Be sure you know whom you are dealing with.

CARD OF THANKS

We would like to thank the Frederic Fire Department, DNR, Sheriff's Department, Ambulance Crew and neighbors for their assistance, especially Marie Inman for notifying the authorities.

Hearing Loss Is Not A Sign Of Old Age

Chicago, Ill. — A free offer of special interest to those who hear but do not understand words has been announced by Beltone. A non-operating model of the smallest Beltone aid of its kind will be given absolutely free to anyone who sends for this free model now.

Send for this model, it will show you how tiny hearing help can be. It is not a real hearing aid and it's yours to keep free. The actual aid weighs less than an eighth of an ounce, and it fits completely into the ear canal.

These models are free, so we suggest you write for yours now. Again, we repeat, there is no cost, and certainly no obligation. All hearing problems are not alike and some cannot be helped by a hearing aid but many can. So send for your free model now. Thousands have already been mailed, so be sure to write today to Department 039, Beltone Electronics Corp., 4201 W. Victoria St., Chicago, Illinois 60646.

Rabbits R R Habbits

On April 28, the club meeting was called to order by president of the club Jeremie Harwood. Club members Rachel Bennett, Laura Renon, Keith Bishop, Leann Bishop, Jeremie Harwood, and Terry Sorenson all brought their rabbits to the meeting. After the fund-raisers and treasury was discussed, the meeting was turned over to Teenleader Tina Gohnick.

Tina took time and looked over, weighed, and judged each members rabbits. Everyone took turns in holding, and judging each others rabbits. Terry showed the group his new litter of Californians, and Jeremie also shared with us his new Netherland Dwarf. The group is looking forward to upcoming shows, but is not sure which shows will be attended.

To raise money for the club trips, the group will hold a Car Wash at 7-11 on Saturday, May 3, from 11:00 a.m. till 7:00 p.m.

Also this year St. Jude's Bike-A-Thon on June 7 will be sponsored by Rabbits R R Habbits 4-H Club. Written by Leann Bishop.

Advanced Studies Projects Include Creating Characters

WAY OUT CINDERELLA — In a play produced by the middle school advanced class, everyone loves Ella, played by Hannah Peterson, shown above in sunglasses. Even her stepmother, played by Margarita Perez, likes Ella in this twist of the Cinderella story. Ella's step-sisters, played by Melanie Ojala and Angie Thompson, also like her and a prince, played by Chris Thompson falls in love with Ella. The King (Josh Lepsy) won't let them get married and Ella's fairy godmother (Paula Nunn) tries to help. Handling the properties for the play are Mike Tremblay and Aaron Raymond, publicity work was done by Ryan Hindmarsh, Bob Hebal, and Karen Ferguson, the prompter is Scott Hartman, and technical effects were supplied by Jamie Brankov.

BIRTHDAY PARTY — Grayling Elementary advanced studies created a character (at right end of table) and held a Birthday Party for it. Members of the class are Nicholas Stancil, Brian Duckley, Marcus Ritter, Jason Thompson, Danyell Galvani, Sean Casey, Chris Jones, Allison Hanson, Nathaniel Rosi, Jessica Roy, Nicole Sloan, Sara Woodland, and Katie Smock.

During Michigan Gifted Child Week, April 27 - May 3, two of the advanced studies in the Crawford AuSable School District finished special projects.

The Middle School advanced studies class of 6th, 7th, and 8th graders put the finishing touches on a play, "The Way Out Cinderella."

The middle school advanced studies curriculum uses a thematic and unit approach addressing problem-solving strategies, critical thinking skills, research guides, and creativity.

At the Grayling Elementary, an advanced studies class of 2nd, 3rd, and 4th graders held a Birthday Party and created the guest of honor. They also made presents for their fantasy character, made a birthday song, created games to play, and wrote birthday cards.

There are also advanced studies classes at the Frederic Elementary and Gray-

ling High School.

Governor Blanchard declared Michigan Gifted Child Week to help publicize the need to foster and encourage the learning process at an early age with an environment that supports and in-

spires children to achieve their maximum abilities.

Advanced studies classes at the elementary and middle schools are taught by Mrs. Suzanne Meck.

Nancy Lemmen and Tom Mills teach the high school advanced studies class.

Organic Emotional Liability: Do You Know What It Is?

A patient who has had a recent stroke will often show partial loss of his emotional control. He may switch from laughing to crying without apparent reason. The most frequent problems seems to be crying. Sometimes the stroke patient will cry because he is depressed.

Certainly most stroke patients will have considerable reason to be depressed. Depression is a natural response to loss of ability or any abrupt change in life. Often excessive crying by the stroke patient is due to the brain damage he has experienced and is not directly connected with his perceived losses.

It is usually possible to tell the difference between loss of emotional control due to brain damage (organic emotional liability) and sadness due to depression. Organic emotional liability is characterized by little or no obvious relationship between the start of emotional expression and what is happening around the patient. The emotional behavior is easily interrupted by diverting his attention. If the patient is crying and he immediately stops crying when you snap your finger, call his name, or ask him a new question, then this is probably crying due to organic emotional liability rather than depression. Crying

caused by depression is not easy to interrupt.

Unexpected laughter, flares of anger, or moaning can often be interrupted using the same tactics.

Patients with organic emotional liability will often say, "I was depressed because I couldn't stop crying," rather than, "I was crying because I was depressed."

Do not make the mistake of thinking that when the stroke patient is crying he is terribly sad or when he is laughing he is particularly happy. Even patients who behave as if they were angry will later express surprise that they were seen as hostile by others. In the stroke patient, feeling and the overt expression of emotion are not always linked as cause and effect.

It is usually a good idea to interrupt the emotional behavior of a patient with organic liability if you can. If the emotional expression is due to a brain injury problem and the patient himself has little control over it, then your interrupting the behavior may help him to avoid embarrassing and fatiguing activity.

Free Cancer Screening at Burns Clinic

Free cancer screening for colorectal cancer will be sponsored by the Burns Clinic Foundation, and the American Cancer Association.

Cancer of the colon and rectum (the lowest section of the gastro intestinal tract) is the second most common type of cancer in American men and women. In 1985, 138,000 new cases developed and 59,000 died from the disease.

Currently, the cure rate for colorectal cancer is 40-50%. Experts feel it can be increased to 80-90% if the cancer is detected at an early age.

The Hemocult stool blood test is a simple, effective, and painless test for colorectal cancer. It checks the stool for hidden blood which may be a sign of cancer of other intestinal disorders.

During the month of May, free Hemocult screening kits will be given out to individuals over 40. You take the kit home, prepare the special slides and mail them back to us. If the test indicates the presence of blood in your stool, both you and your physician will be notified and follow-up testing will be recommended.

Kits may be picked up at the following locations. It is important that you receive instruction in how to correctly use the kit. Therefore, you must pick it up personally; they will not be mailed out.

Cancer Screening Kits Available at Burns Clinic, Gaylord, May 12, 11 a.m. - 4 p.m.; and Petoskey, May 13, 11 a.m. - 8 p.m.

Lottery's New Instant Game
Offers \$100,000 Prizes

Lansing — If a hundred grand will help you with your summer planning, then an extra "payday" is what you'll need.

The Michigan Lottery's new instant game, "Michigan Payday," offers players the chance to win up to \$100,000 instantly, or the Grand Prize of \$1,000-a-week-for-life. The game goes on sale May 13 at 8,000 lottery retailers throughout the state.

Each ticket for the game contains six rub-off spots revealing the symbols. TICKET \$2, \$5, \$10, \$50, \$100 and \$100,000. Players who match the three symbols win that prize.

"Michigan Payday" offers players the chance to win both large cash prizes and those smaller awards which are so popular with many instant game players," said Lottery Commissioner Michael J. Carr. "Some 80 percent of the game's \$10 million prize pool will be in prizes of \$2 through \$100," he added.

"Michigan Payday" also features a Grand Drawing with a top prize of \$1,000-a-week-for-life, with a guaranteed minimum of \$1 million. Runner-up prizes range from \$11,000 to \$25,000.

Players become eligible to become a Grand Drawing finalist by signing and redeeming "Free Tickets" from the game at any lottery retailer. More than four million "Free Tickets" in "Michigan Payday" provide players another ticket at no charge as well as automatic entry into the Grand Drawing selection process.

Net revenues from "Michigan Payday" and all lottery games are earmarked for the state School Aid Fund. The lottery expects to contribute \$430 million to this fund during the 1985-86 fiscal year.

Another \$500 million is expected to be paid out in prizes to players statewide during the year.

Leadership Study at Mt. Hope Lutheran Church

Beginning Wednesday, May 14th and continuing every second Wednesday of the month, Mt. Hope Lutheran Church will be sponsoring a leadership study based on the taped presentation of Charles Swindoll, senior pastor of First Evangelical Free Church in Fullerton, California.

A popular author, the series will focus on such topics as helping yourself through a financial crunch; resolving personality conflicts and strained relationships; balancing faith in God and personal planning, and many others.

The leadership study program is open to the public from 6:00-6:45 p.m. every second Wednesday.

Herbal Corner

Last week we discussed a little bit about companion planting. Have you given it anymore thoughts, darlin'? We have tried it on several things and know for a fact that it does indeed work.

Pennyroyal planted with broccoli, Brussels sprouts and cabbage will help deter cabbage maggots. Like tansy it can be grown at doorways to repel ants and mosquitos. The tansy I have grown next to the store door does seem to help a lot.

Here is another one I am going to try myself this summer. An insect spray of ground pepper pods, onions and a bulb of garlic covered with water to stand for 24 hours then strained — add enough water to make a gallon — can be used several times daily on roses, azaleas, chrysanthemums or beans to hold down serious infestations. The strained mash can be buried among the plants.

Parsley mixed with carrot seed helps to repel carrot flies by its masking aroma. It protects roses against rose beetles. Planted with asparagus it will give added vigor to both.

Onions and all members of the cabbage family get along well with each other. They also like beets, strawberries, tomatoes, lettuce, and summer savory, but do not like peas and beans. Since onion maggots travel from plant to plant when set in a row, scatter your onion plants through the garden.

From Carrots Love Tomatoes, "Toxic substances in the pigments of red and yellow onion skins appear to be associated with disease resistance. Russian biologist T.A. Toystole found a water solution of onion skin, used as a spray three times daily at five-day intervals, gave an almost 100 percent kill of hemiptera, a parasite attacking more than 100 different species of plants." Fascinating, no?

Herbally yours,
E. Diona Cerelli, C.H.

Bob Golnick Named Chrm. of Region 8 & 9 of MML

Grayling Mayor Pro Tem Robert Golnick was elected Chairman of Region VIII and IX of the Michigan Municipal League for 1986-87 at the 33rd annual regional meeting. Also chosen were Alpena Mayor Pro Tem Edward J. Hier, as Vice Chairman and Ludington City Manager Gerald Richards as Secretary.

Over 55 mayors, village presidents and other elected and appointed municipal officials attended the meeting held on April 29 in Manistee. Region VIII and IX includes cities and villages within

Emmet, Charlevoix, Lee-lanau, Antrim, Benzie, Grand Traverse, Kalkaska, Manistee, Wexford, Missaukee, Mason, Lake and Osceola counties. The outgoing Regional Chairman, Manistee Mayor John L. Dellapia, coordinated the meeting.

Since 1953, the Michigan Municipal League has held the regional meetings in ten areas of the state. The meetings serve as a forum to bring more than 485 member cities and villages into closer contact with each other. The annual gathering of officials

on this regional basis provides the opportunity for an exchange of ideas and cooperative action in matters of mutual concern.

This year's program theme was "Managing Today's Challenges", and included sessions on conflict management, the selection of qualified professional services, and a discussion of the current municipal liability insurance crisis in Michigan. A dinner banquet followed the afternoon meeting.

The Michigan Municipal League, founded in 1899, is the statewide association of cities and villages serving to unite members in collectively striving for home rule and promoting higher standards of local government.

Addresses!

The class of 1971 still needs the addresses of the following:

Men mark Monday, May 12 on your calendars. You will be having your nomination and election of officers at 8:00 p.m. You should be down to voice your opinion. How can any of you expect changes if you don't go to the post to make them? Be at the post Monday, at 8:00 p.m.

Ladies, today (Wednesday) May 7 is your monthly meeting. There is much to be discussed. We have Poppy days this month. Be at Grayling's Unit 106 meeting at 7:30 p.m.

Do you know what May 15, 16 and 17 is? If you guessed Poppy day's you are correct. I would say that these are the most important days to those of us involved with the legion and auxiliary. Please volunteer some time. See any of our officers or the Poppy chairman, Lucille Tetting.

Speaking of Lucille, watch for her picture in the Avalanche in the near future!!

Until next time...Have a Nice Day!!

We will be having a combination bake sale and white elephant for Memorial Weekend on May 24th starting at 11:00 a.m. Hopefully with the weather cooperating we will have this in the Frederic park or if necessary, in the townhall. Anyone wishing to donate any items for the white elephant sale may contact Ann Denno at 348-3041 or Anna Stoddard at 348-5585.

We had our 2nd annual Easter Egg hunt at the Frederic Ele. School March 27th. Nine children won the bunny baskets. Those children were as follows:

Pre-school - Nichole Abramczyk; D.K. - Greg Gugin; Primary - Jerry Drouillard; Kindergarten - Matt LaForrest; 1st Grade - Shandi Wallman; 2nd Grade - Joshua Eldridge; 3rd grade - Joshua Cox; 4th grade - Heather Weaver; 5th Grade - Jody Pratt.

We appreciate all the donations we received from the area businesses and individuals who helped us. Without the help from the Frederic Baptist Church, Timberview, Coopers Store, Frederic Inn, AuSable Woodworking, Cerelli's Herb Farm & Spice Shop, Big Ben's Family Center, Mac's Drugs, McDonald's, Dairy Queen, C & E Sales and Service, Elias Brothers, Pizza Hut, Frederic Fire Dept., AuSable Hotel & Bar, Fran Saddle, K mart and Wurt-smith Community Federal Credit Union - we wouldn't have been able to do this community project. It's a great feeling to know that these businesses care enough to help.

Editor's Mailbox

April 19, 1986

To The Editor
Crawford Co. Avalanche
Grayling, Michigan

"I fish because I love to; because I love the environs where trout are found, which are invariably beautiful, and hate the environs where crowds of people are found, which are invariably ugly; because of all the television commercials, cocktail parties, and assorted social pos-

turing I thus escape; because, in a world where most men seem to spend their lives doing things they hate, my fishing is at once an endless source of delight and an act of small rebellion; because trout do not lie or cheat and cannot be bought or bribed or impressed by power, but respond only to quietude and humility and endless patience".

Robert Traver
Testament of a Fisherman

These words succinctly state the philosophy by which I live. As an AuSable riverboatman I offer these words to any who join me in my avocation of trout fishing.

There are those who have in some way found it pleasurable to bring their social posturing and their power politics to my home waters, and in so doing, they have desecrated the spirit of this place. It is not so much the philosophy of releasing a fish; seventy percent of AuSable fishermen voluntarily release their catch, as do I. It is the manner in which they have chosen to impose their philosophy upon fellow fishermen that has brought rancor and turmoil to the AuSable watershed.

These individuals do not act out of concern for habitat or for the trout. There is no biological reason for the regulations that have been imposed. According to the biologists, the trout population is not endangered. According to the same biologists, there is no current evidence that catch and release rules have any perceptible influence upon trout populations in this watershed. The reasons for the imposed regulations have to do with social posturing. Other states have such regulations; so we must. Those who would impose these regulations seek "trophy" fish. Trophies serve no purpose but to inflate pride. The trout for which these individuals profess to have so much admiration are to them, in fact, only another status symbol.

Instead of accepting the will of the majority and the wisdom of the biologists, these individuals have chosen to distort the truth and to exert political influence upon the decision makers. It is that sort of corruption that has no place here. Regulations imposed upon this or any other river should be based upon scientific analysis, not the social whim of a few. The power to dictate law has obviously been abused in this situation. Philosophy is a matter of personal conscience and cannot be imposed by decree.

The section of river in question has long been called the "holy water". In truth it is holy water; it provides the tranquility and spiritual renewal that the true fisherman seeks. The trout are not impressed by the expensive equipment, socially accepted garb, or titles of the fisherman; nor am I. Nor do I accept the irreverent attitude of the elitist few who wish to add this river to their investment portfolios. When one enters my river, he should do so with a bowed head and humble heart.

Road Commission Minutes

April 4, 1986

A regular meeting of the Crawford County Road Commission was held in their office in Grayling, Chairman Parker presiding. Present were: Commissioner Gloria Kraus, Superintendent, Tom Small and Acting-Secretary Joanne Thompson. Absent: Commissioner Grover Cason and Engineer-Manager John Keir.

The minutes of the previous meeting of March 24, 1986 were read. Commissioner Kraus made a motion to accept the minutes as read, seconded by Chairman Parker. All voted in favor, minutes approved.

Payroll Voucher Number 7 in the amount of \$23,142.77 and Material checks numbered 10481 through 10528 in the amount of \$95,832.15 were presented to the Board for approval of payment. Commissioner Kraus made a motion to accept the vouchers, seconded by Chairman Parker.

Discussion was held on sign damage during the 1985-86 winter season and the AuSable Trail Road road improvements. Also tree clearing in the right-of-ways.

A permit from Frontier Exploration was reviewed and signed to conduct seismic surveys in Frederic Township.

Harold Mertes, Frederic Township Supervisor, appeared before the Board regarding the Crawford County Road Commission policy on plowing and the placement of snow. He was given a copy of the State Law P.A. 82 of 1978. Also discussed were the 1986 road projects for Frederic Township and maintenance of a county line road.

At this time Chairman Parker made a motion to conduct a closed door session, seconded by Commissioner Kraus. Doors were opened and a motion was made and seconded to adjourn the meeting. All voted in favor, meeting adjourned.

A request from the Crawford AuSable School District for summer collection of 50% of the annual school tax was presented for Council consideration. The Treasurer recommended approval.

Motion by Golnick, supported by Sloan that the city collect 50% of the 1986 School Tax in conjunction with the City Levy of July 1, 1986 as requested. Ayes: 5, Nays: 0, Absent: 0, motion carried.

A Resolution urging Federal support of local bus operations was presented by the City Manager.

Motion by Latuszek, supported by Thompson that the attached Resolution be adopted as presented and transmitted to our Federal Senator and Representative. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Bids received on the 1986 Street Construction were presented to Council. Nine bids were received ranging from \$201,412.29 to \$331,643.00 with Searles Construction Co. of St. Johns, Michigan being the low bidder. The City Manager and the Engineer recommended acceptance of the bid from Searles Construction Co. of \$201,412.29 less deducting alternates one and two and replacing these with paving of Michigan Avenue at a cost of about \$61,000.

Motion by Golnick, supported by Sloan that the bid of Searles Construction Co. be accepted deducting Alternates One and Two and replacing these with paving Michigan Avenue.

In discussion of the motion Ms. Latuszek stated that she wished to have Alternates One and Two completed also. Mr. Thompson agreed.

Ayes: 4, Nays: 1 (Latuszek), Absent: 0, motion carried.

Reports of City Manager. Mr. Morford reported on the following:

Mayor Exchange Day May 16 and May 30 with Tawas City. Completion of Roof Repair on City Hall.

Country Club One-Day Liquor License.

SPECIAL MEETING OF THE CITY COUNCIL HELD APRIL 21, 1986

Meeting called to order by Mayor Thompson at 7:30 p.m. Members present: Thompson, Golnick, Latuszek, White, Sloan. Members absent: None.

Also in Attendance: Jerry W. Morford, City Manager; Allen V. Schreiner, City Treasurer.

The meeting was called to review and discuss the 1986-87 Fiscal Budget for the City of Grayling.

The City Manager reviewed his Budget Message with Council. The projected operating millage is 14.81579 with .25 mills for debt retirement. He noted that the increase in adjusted S.E.V. for 1986-87 is \$773,000 over the current year. Both the Cemetery and the Fire Department are funded by agreement between the City and Grayling Township on a 50/50 basis.

Several questions were asked about points in the budget message and Council reviewed the proposed budget on a line by line basis.

Mr. Golnick requested that the personal service section of the Fire Department Budget be raised to \$16,500.00 and that the Rescue Truck be purchased on time. Mr. Sloan disagreed. Mr. White suggested something a little lower. The matter of the Fire Department Budget was discussed in general.

Motion by White, supported by Latuszek that the personal service category in the Fire Department be set at \$16,000 for 1986-87. Ayes: 4, Nays: 0, Absent: 0, Abstain: 1 (Sloan), motion carried.

Motion by Golnick, supported by Latuszek that the Apollo Monitor & Nozzle be eliminated from the Fire Department Budget and that the Scott Air Packs be reduced to two. In addition, that the Rescue Truck be purchased on a five or six year contract and that payment of \$6,000.00 be included in budget. Ayes: 4, Nays: 0, Absent: 0, Abstain: 1 (Sloan), motion carried.

Mr. Golnick asked Council to take under consideration the payment of supplemental hospital insurance for retired employees.

Adjournment.

Motion by Thompson, supported by Sloan that the meeting be adjourned. Ayes: 5, Nays: 0, Absent: 0, motion carried. The meeting was adjourned at 9:50 p.m.

TRIVIAL PURSUIT WINNERS — First, second, and third place were all decided in the final round of the 2nd Trivial Pursuit Olympics as Ralph (Mis-Fit) Walker (3rd from right), representing Rainbow Fitness, won the gold trophy. Shannon (Shana of the Jungle) McNamara (2nd from right), representing Mac's Drugs Store, took second and Debbie (the Detroit Tiger) St. Germain (right), representing the Golden Touch, took third. Walker outlasted 31 other contestants to win the contest sponsored by the Grayling Promotional Association. The "Battle of the Wits" is going to an annual event to raise money for the Milltown Festival. Also shown above is Kent Reynolds, who asked the questions from the Genius II Trivial Pursuit game and from a local history book.

Vikings Draw Rogers City In Opening District Play

Grayling will have to beat Rogers City and Lincoln-Alcona to earn the right to play at district competition held at the GHS field on May 30.

Grayling drew Rogers City in the first round and the game will be played at Rogers City between May 12 and 18. The winner of that game takes on Lincoln-Alcona, who drew a first round bye.

Before first round action in district play, Grayling will travel to Central Lake this Saturday. The Vikings played Boyne City Tuesday.

In last week's game, Grayling dropped doubleheaders to Gaylord and Rogers City. Head coach Fred Wolcott said Grayling is scoring enough runs but the defense and pitching isn't strong enough.

Gaylord beat Grayling 16-6 and 10-5 and Rogers City won 14-4 and 10-3.

Early season statistics show Grayling hitting .300 as a team.

Jeff Palmer is leading the team with a .565 average. John Meagher is hitting .429, John Kinnee .391, and George Duncan .320 are

the highest averages among the regular players.

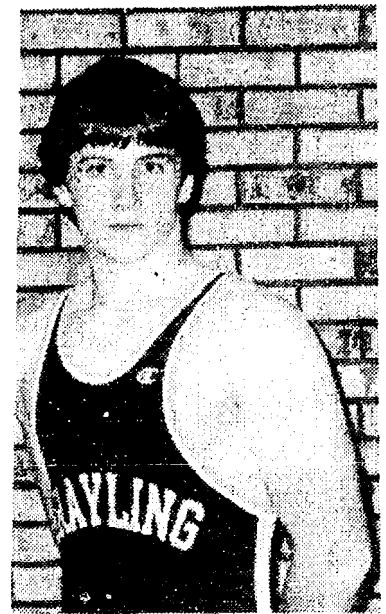

Palmer and Kinnee lead the team with two home runs each. Duncan has one home run and so does Dave Myers. Also hitting a home run in his only at bat this season is Dave Williams, batting a perfect 1.000.

Duncan leads the team with 12 RBI's. Kinnee has 8 RBI's and Palmer 5.

Palmer leads the team with 13 hits including 6 extra base hits. Kinnee and Meagher have 9 hits each and Duncan has 8.

Flaskie Robins leads the team with 4 stolen bases. Meagher, Palmer, and Duncan have 3 each. Meagher and David Somerville lead the team with 6 walks each.

Matman Places Second in State

On Friday, April 25, the USA Freestyle Wrestling Federation held its State Championship Wrestling Tournament, at Grand Rapids Junior College. There were approximately 230 wrestlers from throughout the state in attendance.

Brian Kernstock, a 15 yr. old freshman, at Grayling High School participated in the 178 pound weight class division.

With a pin in his first match, a 5-0 decision in his second match, and a bye in his third, he advanced to the finals.

In his final match, Brian lost to an opponent from Ann Arbor, which placed him second in the state for that weight class.

Dist. Health Dept. Has Moved

District Health Department #1 has moved from the Courthouse to the building with the Secretary of the State. The phone number is the same, 348-2841 ext. 258.

Immunization clinic will be May 19, from 9:00 - 11:00 a.m. and 1:00 - 3:00 p.m. due to the holiday weekend.

Here's a baseball riddle you can have some fun with...How can a team get three triples and three singles in one inning, and still not score a run?...Answer: First two men triple and are out at the plate trying for an inside-the-park homer...Next man triples and stays a third...Next two men get infield singles with the runner holding third...Last man smacks a ground ball that hits runner going from first to second...Batter gets credit for a hit, but runner is out, making three triples...three singles, three outs...and no runs!

Do you have any idea what was the smallest city ever to have a big league baseball team?...Answer is Troy, N.Y...Troy was in the National League from 1879 to 1882.

Here's one hard to believe, but it's true...There was a big league baseball team that was in LAST place as late as Aug. 30 one year...and yet they still won the pennant...The New York Mets were in last place on Aug. 30, 1973 - but despite that, they, incredibly, won the pennant that season.

I bet you didn't know...We have over 216 different models of front drive cars. Anything from van models to 2 door Sport car front drives. Many with standard 5 year warranty.

LOCAL ARTIST DONATES PAINTINGS — George Watson, Grayling area artist, is pictured above with one of his paintings, "Flowers." Watson recently donated more than 40 of his paintings to the Grayling Health Care Center.

Watson, who began painting 25 years ago as a hobby when inspired by calendar art, has painted portraits, landscapes, and seascapes as well as florals.

According to Watson, among his favorite objects to paint are flowers. "Any kind of painting there is you will find flowers. You don't do a painting unless you can learn from it."

You can learn everything about textures, colors, and strokes, from painting a flower, concluded Watson.

Watson, also writes poetry, some of which are written about painting and can be found in his new book, "Candy For The Mind".

PUBLIC NOTICE

Northeast Michigan Consortium's Private Industry Council has designated \$100,000 of Title IIA monies for JTPA programs targeted to eligible in-school youth.

Preference will be given to programs offering training in Work Maturity Skills and Pre-employment Skills which lead to job placement. Programs would begin approximately September 1, 1986 and end June 10, 1987.

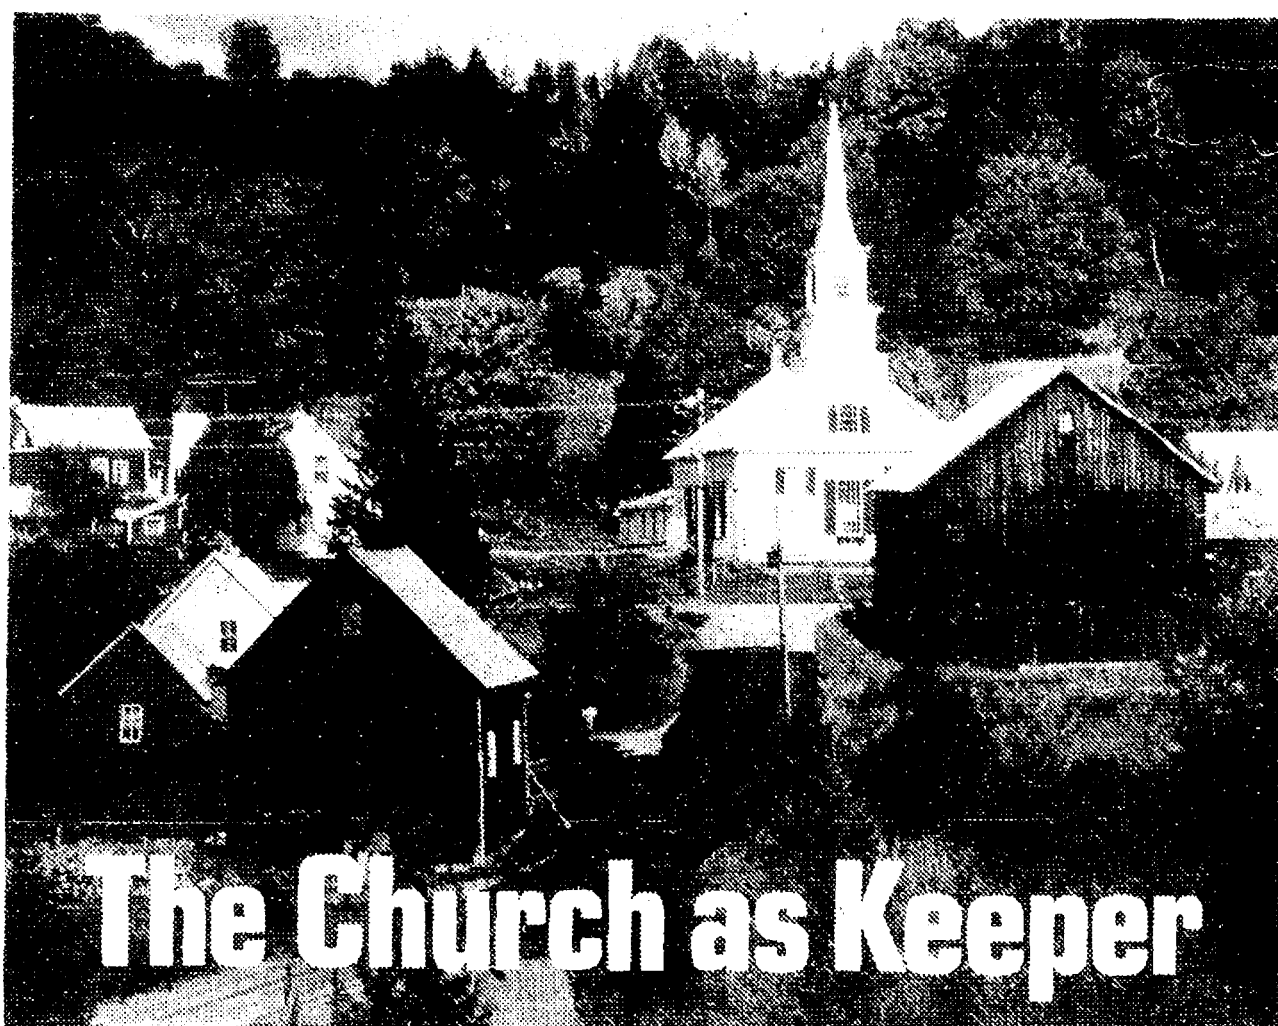

Any local educational agency or community based organization interested in providing such a program should request a proposal by May 16, 1986 from Marianne Moran, Human Services Coordinator at Northeast Michigan Consortium, P.O. Box 711, Onaway, Michigan 49765. Phone number is 517/733-8548.

Submittal date for completed proposals is June 13, 1986.

CHURCH DIRECTORY

The Church as Keeper

In many newspapers "Church news" seldom makes front page. Some coming event, a special program, or visiting clergy receives notice somewhere in the printed page but hardly any mention on television. (Unless there is church controversy that rates as hard-core news.) And this is understandable from news media's point of purpose.

Yet the church is the "keeper of the springs" of society's great ocean. Jesus called His followers "salt" and "leaven" and "light." One seldom comments on the salt but the steak; not the yeast but the hot rolls; not the lights but the ballgame being played at night.

The church, the great "keeper of the springs," has seasoned society by being the first in education. Many of the great universities were birthed by the church as well as hospitals, medical schools, orphanages, and homes for the aging. Jesus' followers seasoned the U.S. Constitution and outright wrote the Bill of Rights through the efforts of Rev. John Leland and James Madison (whom moved its adoption).

While the church is not front page news, it is nonetheless quietly going about its appointed mission in hamlet and city keeping the springs clean and purifying the water that flows into the mainstream of human existence.

K OF C HELP MENTALLY HANDICAPPED — Al Boyk, co-chairman of the Knights of Columbus Tootsie Roll Drive, and Jerry Fagan, Deputy Grand Knight, present a \$1,000 check to Steven Crist, operations manager at R.O.O.C. while a number of volunteers from the Tootsie Roll Drive look on. The \$1000 will be used at R.O.O.C. to purchase equipment and materials to teach our area mentally handicapped skills to contribute to the working world. Jim Wiltse, Grand Knight, said the Knights of Columbus also contribute locally with a \$2,000 scholarship each year in addition to sponsoring a free throw contest, a spelldown, and helping with Little League.

Dear Sir,
In Vol. 1, Edition 1 of "The Creel", included with the April 3, 1986 issue of the Avalanche, there appeared an article by Michael R. Wieland entitled "Rules Need To Be Based On Research". In it Mr. Wieland stated, "While many states do have No Kill, they place it on marginal streams where trout are planted basically to improve productivity". The essence of this statement was repeated by Peter Stephan in a recent television debate on the No Kill issue.

This statement is patently in error.

While I cannot speak for all states where No Kill regulations are in place, prior to our present residency in Crawford County I had over twenty-five years' experience with streams so managed in Pennsylvania. There, as in other locales, it is utilized as a management tool to protect and enhance outstanding wild trout populations. It is, as it should be, conservation in its purest sense.

The Catch and Release water on the Letort has not been stocked in many years; nor is Falling Springs stocked, nor Big Spring, Spring Creek and other lesser-known streams. In addition, such streams as, say, Pennsylvania's Letort and Idaho's Silver Creek can hardly be classified as "marginal".

Despite differences in geographical location, these are all streams with many similarities to our great AuSable system: the same trout species are present and the streams exhibit constancy of flow and temperature. The waters are distinctly alkaline and typically rich in fish and fish food.

I offer these comment in courtesy to Messrs. Wieland and Stephan; I know these gentlemen would not want the validity of their statements to be clouded with a misperception of facts.

Sincerely,
Chauncey Lively

April 5, 1986

Dear Whitey,
I just read Mr. Rieger's "Conservation" article in the April issue of Field & Stream, and was immediately struck by the similarities of the NRC's Catch & Release program for the AuSable.

In the article, Mr. Rieger notes that the equivalent to our DNR in India, has set aside a large area in southern India where all wild animals are protected. This area apparently includes several cities and villages, and now hyenas are killing more than 100 people a year.

A few years ago I remember reading an outdoor article by a Mr. Lucas (can't remember the magazine or his first name). He said he wasn't a died in the wool fly fisherman, but when he fished for trout, fly fishing was his favorite way to do it. However, he said he was dead set against any fly fishing only water because large trout tended to stop feeding on insects and turned to cannibals, and pretty soon you had an area full of large trout that wouldn't take a fly, and no smaller trout left to fly fish for. He said the fly fishermen in Europe and the British Isles recognized this years ago, so they instructed their game-keepers to fish as often as possible, using plugs and large spoons to catch as many of the cannibal browns as they could.

Now, keeping in mind what both these writers had to say, you can easily see what's going to happen to the "holy waters" in the next ten to fifteen years. After a few years the fly fishermen are going to be catching fewer and fewer fish. They'll see a lot of them looking like logs laying in the holes, but the only way they'll be able to catch them is with large deer-hair mice, 6 to 8 inch streamers, and dry-flies imitating of birds.

Sooner or later a fisherman will have an accident

trying to release one of the brutes he caught on the above-mentioned "flies" and the trout will swim off with his finger. The trout will get a taste for human flesh and the next time he sees a young child wading he'll drag the child into the river like an alligator would. As soon as he starts tearing off chunks, the blood will draw a lot more of these huge trout. Now you've got a whole area full of man killing barracuda/trout. Pretty soon any fisherman, deer, dog, or child that wades into the "holy water" will be instant dinner for the (now) barracuda/trout.

So the trout fishermen go to the Manistee or someplace else, and the barracuda/trout get hungrier & hungrier. Pretty soon they're tipping over canoes, and eating the canoeists, so all the canoe livers have to close. The DNR will have to put up signs all along the river warning people not to approach any closer than 2 feet from the river bank, and "no feeding" of the barracuda/trout except from highway bridges. Recommended food will be fresh butchered shoulder of beef.

The first bird to become extinct on the "holy water" will be the Osprey, because he's smaller than the Eagle. But pretty soon the barracuda/trout will figure out a way to get the Eagle too. They'll have one of their kind out in the middle of a narrow, bushy-banked area in the river, with a number of them hidden under the bushes. When they spot an Eagle coming upstream ready to grab the "decoy", they'll inch out from both sides, jump and grab the Eagle by the legs and pull him in. There go the Eagles. By this time, the NRC (in their infinite wisdom) will probably plant Florida alligators to kill off the barracuda/trout, so if anybody has a pig or cattle farm near the holy water, he'd better sell out right now.

Jerry

Grayling Township Notice

RSVP Reports

by Aleta Thompson,
Director

All 60 years of age or older senior citizens are invited to become an RSVP volunteer. You're a rich resource and retirement means a great opportunity, both for you and your community. You've spent a lifetime developing your skills, refining your talents and building your knowledge and abilities.

We are signing up volunteers for our summer stations. The chamber of commerce in St. Helen, and Grayling. The Historical museums in Grayling, Houghton Lake and Roscommon. State parks, Hartwick Pines, North and South

Higgins Lake in both counties. We have something for everyone.

RSVP exists so that someone like you — retired but with knowledge and energy to spare can make a big difference where you're needed the most in your community.

We are in need of articles for our Garage Sales coming up on the Memorial Weekend. Contact our office if you need to have us pick them up. Shirley Starr, at the Roscommon office has donated a beautiful afghan to be held in a drawing this summer. Bernie Engel, Doug Post and Walter Desnoyers are making perky penguins push toys. Our Grayling Card ladies have made beautiful all occasion cards. Please stop by and see them at the offices. RSVP hats are available too for \$2.00. Call us at Crawford County 348-4341 and 348-8322; Roscommon County 366-5613.

Doodles From The Tall Timber

by Wendell L. Hoover
Park Interpreter

It is mushroom time again as evidenced by the numbers of people wandering around in the woods looking at the ground. Some of those people are going to have problems with mushroom poisoning.

In this area one of the early mushrooms, the *Helvella esculenta* or beefsteak is commonly eaten. I wish to urge extreme caution with this species since it is seriously poisonous to some, and there is enough evidence to indicate that individuals who have eaten it safely for years may suddenly become susceptible.

According to those who have studied this mushroom there are those areas where the beefsteak contains more toxins than those growing in other areas. Also the level of toxins varies from year to year, which in itself makes their edibility questionable. Bear in mind that the effect of the toxins is cumulative, so the first meal might not effect the body, but perhaps it would be the second or third or whatever meal that would tip the balance. If you enjoy extreme prolonged nausea or the prospect of something worse the beefsteak is just the ticket.

As in the past I suggest the following cautions: 1) Pick only one kind at a time or keep them carefully separated. 2) Select only fresh young mushrooms that are free from wormholes or other obvious damage. 3) Cook and eat only one kind at a time and then only in very small quantities. Even the best of mushrooms contain substances to which some people are violently allergic. 4) Do not assume that, because you can safely eat a particular species of mushroom, all members of your family or your friends can.

No dish or mushrooms on the table is worth the risk of doctor bills, or worse.

Milltown Festival Adds Tours

Industrial and scenic tours have been added to the program of this year's Milltown Festival as a result of a decision made at a recent board meeting.

It was agreed that many of the local industries dealing with wood products would be interesting to local residents as well as visitors to the festival. The scenic tours will follow a route that will cover the AuSable River, Hartwick Pines State Park, Grayling Fish Hatchery and Camp Grayling, among other locations.

It was also agreed that the kids fishing contest will take place on Wednesday, July 23 at the City Park. The date had originally been set for the day of the AuSable International Canoe Marathon on Saturday but the park on that day is already filled with race participants. Instead, a barbecue will be held on the afternoon of the race from 5:30-9 p.m. to accommodate the race viewers as well as visitors to the festival.

Kent Reynolds, Crawford AuSable Schools superintendent announced that Howard Taylor has been designated as the person in charge of the overall activities on Kid's Day July 23. Sherry Haag, Commission on Aging director indicated that a costume parade will take place on Thursday, July 24. She said it will begin at the new Museum (railroad depot) and move to the Grayling Housing Commission - Senior Citizen Center office.

The committee is attempting to find an individual who will take the responsibility of details for a 10 km marathon. Volunteers can contact any member of the committee or its chairperson Sr. Mary Ellen Howard at Mercy Hospital.

Bits O Talk

Mrs. Lori Martin of Redford, Mi. is now teaching at the Stairway Up School in Redford. This is a private, preparatory school for pre-school children and children with learning disabilities. Lori is the daughter of Betty & Cal Knowles, former Grayling residents now living in Acworth, Georgia. Betty, Cal and Nancy expect to be in Michigan May 17 - June 7th visiting family and friends.

BOOSTERS DONATE \$3,300 — The Grayling Booster Club donated \$3,300 recently to four different projects. Shown above are members of the Booster Club board with Terry Wright, chamber director who accepted \$2,000 from the Booster Club for the Historical Museum project; Howard Hatfield, who accepted \$1,000 to buy trout for the Kid's section; Rose Duley, who accepted \$250 for the summer library children program, and D.J. Taylor, who accepted \$50 toward the broadcast of the Grayling Viking baseball games on radio. From left are Betty Worden, John Naour, Larry Raymond, Hatfield, Taylor, Wright, Duley, Harry Wolfenbarger, Joe Perry, Jean Potter, Bert Kaiser, Gerry St. Germain, Tom Coors, and Harry Miller.

CHECK FOR PLAYGROUND EQUIPMENT — Arlene Czuba, Business and Professional Women treasurer, (left) and Elsie Jansen, BPW president, hand City Manager Jerry Morford a check for \$11,400 for playground equipment at the city park. City workers and Camp Lehman crews are expected to begin installing the equipment as soon as it is shipped here. The BPW sponsored a month-long drive to raise \$12,000 for city park playground equipment. They are still accepting donations and other items will be purchased for the park playground with any additional funds.

Lovells News

A REPORT FROM . . .

The Committee Opposed To Catch and Release

As we believe you have heard, your committee's plea for a Preliminary Injunction was granted by the Honorable Judge Alton T. Davis on April 24th, 1986. We have won the first round in the battle to let Fly Fishermen keep legal size and legally caught fish for their table when they so desire.

This is only the first round. There may be many more rounds to come, depending upon the future action taken by the Natural Resources Commission.

The battle was expensive and your Committee feels you should know where it stands financially with our forecast of our financial commitments at this point:

As of May 2 we have received: \$8,734.00 in contributions.
1,445.00 in advertising fees for "The Creel".
137.78 profit from the sale of "The Creel".
842.84 profit from the sale of "Buttons".
11,159.62 TOTAL REVENUE

As of May 2 we have expended: 5,629.28 in legal fees.
1,040.00 for Dr. Behnke's biological report.
1,396.80 for printing "The Creel"
296.25 for making "Buttons".
203.78 for travelling expenses.
94.05 for supplies.
51.43 for postage.
110.18 for telephone.
298.91 for promotion.
9,120.68 TOTAL EXPENDITURES

Cash on Hand as of May 2: 2,038.94

We estimate additional expenses so far committed for:

3,379.19 in legal fees
1,200.00 fees and travel expense for Dr. Behnke
500.00 miscellaneous
5,079.19 TOTAL FUTURE EXPENDITURE COMMITMENTS
3,040.25 ADDITIONAL FUNDS CURRENTLY NEEDED

If no additional legal action is required to stop "Catch and Release Regulations" your Committee needs to raise a little over \$3000 to break even financially. If the Attorney General's Office fights the Preliminary Injunction in Court there may be many more rounds and much more money will be needed if Fly Fishermen are to retain their right to keep legally caught trout, or release them, unharmed, as they prefer.

Your Committee Opposed to Catch and Release are convinced that the overwhelming majority of Fly Fishermen wish to make the decision to keep or release legally caught trout themselves and because of the tremendous support given your Committee believe it is their wish that the Committee continue this fight to the final round.

We need to obtain a little over \$3,000 additional funding to cover our current commitments and welcome additional contributions and purchase of "Buttons". Please mail your checks to the "Committee Opposed to Catch and Release", P.O. Box 392, Grayling Michigan, 49738.
